REORGANIZATION OF CO. D TO HAVE BACKING OF C. OF C. AND LOYAL CITIZENS.

Continued from Page One.

Reorganization of the company and of his intention to do everything needful to assist in its support. J. J. Dougherty gave equally hearty assurances of the same character.

The committee named by Mr. Angulo to select a larger committee to serve with the Chamber of Commerce included Major McKee, Colonel McCormick, Captain Skomp and John L. Gans, with instructions to add to the membership as desired. At a session of the committee immediately following adjournment of the general meeting the names of Captain Harry Dana, W. J. DeBolt and A. B. Hood were added. It was decided to request the overseas members of Company D and the Sanitary Detachment to meet with this committee at an early date. The purpose of the meeting will be to select the committee that will serve as aid to the Chamber of Commerce and as a recruiting committee in charge of securing enlistments in Company D.

The committee members were unanimously of the opinion that the privilege of taking the first steps in reviving Company D as an active organization should be reserved to the overseas veterans of the 10th Infantry now resident in this section. It was conceded to be a right that belongs to them and knowing the pride they have in the unit, it was agreed by the committee that no action be taken until a conference had which will be arranged within a few days.

Captain Skomp gave expression to the gratification he felt at the encouragement, given the movement toward reorganizing Company D and thanked those in attendance for the interest they had displayed by their presence at the meeting. He said that he had assurances that the support of The American Legion, Veterans of Foreign Wars, Boy Scouts and other patriotic organizations can be depended upon to back Company D to any extent required.

SCOTSDALE, Feb. 24.—Yesterday at noon on Walnut Hill, one mile east of Scottdale, a half-grown deer made its appearance in a corn field. This is the first deer seen of the oldest residents have ever seen. Diphtheria Fatal to Child.

Don't Neglect the Little Ones.  
A snuffling, sneezing, coughing child certainly is a reflection upon the parents. To permit a child to suffer from a cold is more than negligence; it is cruel. A cold that hangs on weakens the system and can easily turn into something serious. Mrs. S. Pitson, 375 E. 18th St., Cleveland, Ohio, writes: "I can't speak too highly of Foley's Honey and Tar. When my little girl has a cold I give her Foley's Honey and Tar and that stops her coughing in a little while." Children like it. It contains no opiates. Sold everywhere.—Adv.

J. H. Lenhart, carpenter, 412 Highland avenue, Connelville, says: "My work has seemed to be very hard on my back and kidneys. At different times I have got a lameness in my back and a soreness across my hips and through my loins. It was very troublesome for me to get around. At the same time my kidneys would act irregularly and the secretions would become highly colored and unnatural. A spell like this was always relieved promptly by Doan's Kidney Pills which I got at Clarke's Drug Store. They quickly removed the lameness and regulated my kidneys. I think Doan's are a mighty fine remedy for these ailments."

#### You Just Try NR For That Indigestion

Get your organs of digestion, assimilation and elimination working in harmony and watch your trouble disappear. NR does it or money back.

One Day's Test Proves NR Best

The stomach only partly digests the food we eat. The process is finished in the intestines where the food is mixed with bile from the liver.

It must be plain to any sensible person who realizes this, that the stomach, liver and bowels must work in harmony. If digestive troubles are to be avoided or overcome, this fact also explains why sufferers from indigestion, who suffer more or less from headaches, biliousness and constipation.

If you are one of the many unfortunate persons who cannot eat without suffering afterward, if you are constipated, have bilious spells, headaches, coated tongue, bad breath, variable appetite, are nervous, listless and feel your health slipping away, take this advice and get a box of Nature's Remedy (NR Tablets) right today and start taking it. Give it a trial for a week or two and just see how much better you feel. See how quickly your digestive bowels will become as regular as clock work, how your coated tongue clears up, and your good, old-time appetite returns. See how splendidly your food will digest and how your energy, "pep" and "ginger" revive. Just try it.

You take no risk whatever for Nature's Remedy (NR Tablets) is only 25c a box, enough to last twenty-five days, and it must help and benefit you to your entire satisfaction, or money returned.

Five million boxes are used every year—one million NR Tablets are taken by ailing people every day—that's the best proof of its merits. Nature's Remedy is the best and safest thing you can take for biliousness, constipation, indigestion and similar complaints. It is sold, guaranteed and recommended by your druggist.

### At the Theatres

**The Solsson.**—"Back to God's Country"—Adapted from the story "Wapi, the Walrus," by James Oliver Curwood, is being presented today. Sixteen kinds of wild animals are shown in this photoplay. Included are bears, lions, lynx, porcupines, wolves and deer. The scenes were photographed in the Arctic ice fields and frozen forests north of the 66th parallel, and nearer the pole than any other picture. The story is that of a bear, battling bear and man, and a man, where the only law is that of claw and fang, of knife and gun. Nell Shipman, supported by an excellent cast, is seen in the leading role.

**The Paramount.**—"The Birth of a Soul"—The unusual story of a native of the mountain country who becomes educated and cultured put aside his own religion, is being shown today. Harry T. Morey is seen in the leading role. The picture demonstrates by visual happenings that mountaineers are united, spiritually and actively, against outside officers of the law. To all other strangers who can prove their innocent character hospitality is unlimited.

**The Solsson.**—"Hitchy Koo"—For a musical comedy to advertise less than twice as many principals and chorus girls as it actually carries seemed to be considered bad showmanship. These days—but one management at least is courageous enough to confine itself to facts, and they are Raymond Hitchcock and Martin Sampson, who present "Hitchy Koo," the sensational successful musical comedy revue that will be seen at the Solsson theatre Thursday night. According to records, Hitchcock and Sampson there are exactly 15 principals and 16 chorus girls in "Hitchy Koo"—of chorus men there are exactly none.

However, the management is not content to announce exact figures and let it go at that. As Hitchcock put it: "Of course we shall stick to the figures—but, oh, we must tell the world what figures they are. As to that, 'Hitchy Koo' will bring its own answer when it is seen here, but advance report has it that the 15 'sweet sixteen' (as the 'Hitchy Koo' chorus is described) are quite the cutest, cleverest, collection of Broadway peaches this city had had a chance to see in a long day. Incidentally it is promised that the singing and dancing as well as they look in their dazzling rich costumes, which are a feature of the beautiful investiture of the 'Hitchy Koo' production. One look at the long program disclosing no fewer than 13 scenes, would dispel any such idea. But probably that enter chorus has at least something to do with the fact that seats are selling for this attraction like the proverbial hot cakes.

When Comparison is the Sincerest Form of Flattery

ANYTHING is good enough until something comes along that's better. A good imitation pearl gains admiration until compared with the genuine. Then the difference is readily seen.

Likewise with phonographs. The market is flooded with many makes. Extravagant claims of performance run riotous. By the expertly trained musical ear, however, quality is quickly detected. To the average buyer only comparisons will tell.

Compare the Brunswick Phonograph with other makes, and its superiority is noted immediately. Come in today for demonstration.

### How Colds Are Contracted.

Colds are due to bacterial germs that are usually present in the air passages of the throat and nose of healthy persons. Under ordinary conditions they do no harm but when you are chilled, very tired or eat too much so as to weaken your resistance they are quick to take advantage of it and almost before you know it you have a cold. Get a bottle of Chamberlain's Cough Remedy and take it according to the plain printed directions and you will soon be rid of it, but when you neglect to look out. Some of the most serious diseases result from neglected colds.—Adv.
